(NEA Telephotos)
Lana Turner, Hollywood star, arriving in New York City by plane from the West Coast with her two-year-old daughter Cheryl, at left, contradicted an earlier statement quoting her as saying she planned to marry radio executive Charles P. Jaeger. Mr. Jaeger, above, who was on the same plane, refused to discuss the marriage rumor.

SPAIN FEARS RED INVASION

Madrid Radio Reports Plan of Russians To Cross Border

(By Associated Press)

LONDON, April 16.—The Madrid radio expressed fear that Russia was planning to invade Spain as the Franco government awaited replies today from five "friendly" nations invited to send technicians to investigate charges that Spain is a threat to world peace.

These charges, together with an assertion that Spain was harboring German scientists, were made by Oscar Lange, the Polish delegate to the United Nations Security Council. The Council is scheduled to take up the Spanish question as soon as it disposes of the Russian-Iranian dispute.

The Spanish foreign ministry announced last night it had extended the formal invitations to five "friendly" members which maintain "friendly relations" with the Franco government.

The countries are the United States, Britain, Egypt, the Netherlands and Brazil.

The Madrid radio said there was a secret agreement between France and Russia which might lead to a Soviet march through France and into Spain. The existence of any such agreement was promptly denied in Paris.

The broadcast said that "all indications" were that the Spanish Republican government in exile, was "preparing military intervention by means of frontier incidents" in the Pyrenees.

"Once such an incident has taken place," the Madrid radio continued, "Russian troops could come to the assistance of their Allies by marching through France from the German and Austrian zones of occupation."

The Spanish foreign office denied Paris reports an atomic bomb laboratory was being operated at Portugal, by German scientists. It termed the reports "totally and absolutely false."

Wage Insurance Item Now In Housing Bill, Opposed

By WILLIAM T. PEACOCK
WASHINGTON, April 16.—Two authors of the senate's long-range housing bill voiced hope today the house will strike out a "wage insurance" provision added to their measure under union demands.

TWO INJURED IN TRAFFIC MISHAPS

Mrs. Colel, Cleveland Man Injured In Two Accidents Monday

Two persons were injured yesterday in two traffic accidents investigated by the highway patrol.

Mrs. Susie Colel, 54, of R. D. 4, Salem, suffered a lacerated right ear, possible broken nose and contusions of the left hand when the Wright taxi in which she was riding skidded on the wet pavement of the Albany road, three tenths of a mile north of the city, and went into a ditch.

The accident occurred at 12:30 p. m. Mrs. Colel was treated at the Central Clinic.

Robert P. Gayer of 551 E. Seventh st., driver of the cab, was uninjured. Harold Schlegel, 42, of Garfield Heights, suffered a scalp wound and leg bruises when his truck and an automobile driven by Robert D. Rarick, 22, of the Depot road, collided on Route 14, three miles northwest of Salem, at 10:30 a. m. Monday.

Schlegel was taken to Salem City hospital by another motorist, Keith Frost of Lisbon, where his injuries were treated.

No one was injured, the patrol reported, when autos driven by Edwin J. Herron, 33, of Columbiana, and Wilbur H. Maybaugh, 43, of Massillon, collided on Route 30 at Hanoverton at 6 p. m. yesterday.

Brady Gambling Hit By Lausche

(By Associated Press)

COLUMBUS, April 16.—Gov. Frank J. Lausche, declaring that a "tremendous gambling racket" had developed at Brady lake, Portage county, today called in the mayor and sheriff for an explanation.

He asked Mayor Joseph Cox of the resort village and Sheriff George Shield of Portage county to appear at his office at 11:30 a. m. tomorrow.

Lausche will call their attention to "numerous complaints" which he said he had received; ask the officials if they have knowledge of gambling and inquire what steps have been taken to stop it.

"Obviously," the governor told news men, "there has developed a tremendous gambling racket—bingo to lure the innocent and to entrap them with slot machines."

Lausche has been informed, he said, that 150 slot machines operate in the community; that bingo prizes run up to \$1,500, and that special trains have been arranged to bring in customers from Cleveland.

Rob Market, Arrested

COLUMBUS, April 16.—Police have charged three Pittsburgh, Pa., men with the armed robbery of a Columbus supermarket last Friday.

Arrested two hours after the daylight holdup, the men are David E. Matters, 24, Perry Sarsellato, 23, and Robert C. Eldred, 21.

WANTED—GIRL FOR SECRETARIAL WORK, GOOD POSITION FOR RIGHT PERSON. MUST BE EXPERIENCED. WRITE BOX 316, LETTER M, SALEM, OHIO.

Both Senators Taft (R-Ohio) and Ellender (D-La.) agreed with Federal Housing Commissioner Raymond M.oley that the amendment would slow FHA insurance of small homes.

Senate leaders indicated an inclination to do nothing for at least a week about the two pieces of legislation passed yesterday by the house.

What they would do then was doubtful. But it seemed highly unlikely the senate would accept the Selective Service extension in anything like the house version—with its five-month "holiday" on inductions and a ban against drafting teen-agers.

Would Extend As Is

Chairman Elbert D. Thomas (D-Utah) of the senate military committee told reporters he thought "the sensible thing" would be to extend the draft law as is until July 1 of this year.

Thomas's committee has recommended a full one-year extension from May 15, and it has evidenced little sympathy with the house "holiday" plan.

Spokesmen for the war department, upset over the house action, said privately they are hopeful of salvaging the measure in the senate.

Particularly disturbed by the ban on teen-age inductions, they claim the army can't meet its manpower needs if that restriction stays in the bill.

Passed by a roll-call vote of 290 to 108, the house bill extends the draft law until next February 15 but prohibits any inductions between May 15 and October 15. After that date they may be resumed only by order of the president and on the condition that voluntary enlistments fail to meet army and navy needs.

Advocates of the holiday plan argued for several days in the house that pay increases would provide more than enough enlistments.

By a vote of 164 to 13 the house passed a measure boosting the base pay of all army, navy, coast guard and marine personnel.

The increases range from 50 percent for privates and apprentice seamen to 10 percent for major generals and rear admirals.

No trouble for the pay-raise bill was expected in the senate.

To offset further any possible deficit in army manpower, a new proposal to create a United States Foreign Legion similar to that of France was drafted by Rep. Case (R-SD).

Case's bill, sent to the house military committee and expected to gather dust there, calls for a foreign legion of 500,000 men to take over much of Uncle Sam's military work abroad.

Truman Signs Bill Aimed At Petrillo

(By Associated Press)

WASHINGTON, April 16.—President Truman signed today legislation making it a federal offense to use coercion against radio broadcasters.

Sponsors said the measure is designed to halt certain practices of the AFL-CIO union headed by James C. Petrillo. It carries penalties of up to a year's imprisonment and \$1,000 fine for compelling or attempting to compel broadcasters to:

1. Hire more employees than they want.

2. Pay for services not performed.

3. Pay unions for the use of phonograph records.

4. Pay again for broadcasting a transcript of a previous program.

The same penalties could be invoked against persons interfering with broadcast of cultural or educational programs originating in foreign lands.

The legislation developed from an original attempt by Senator Vandenberg (R-Mich) to override a Petrillo ban against broadcast of a students music festival at Interlochen, Mich.

Petrillo contended the program took jobs from professional musicians.

SEE "COOLING" PERIOD AFTER HOUSE CHANGE

Upper Body Will Delay Action On Extension For a Week

By WILLIAM F. ARBOGAST
WASHINGTON, April 16.—A "cooling off" period in the senate appeared in store today for the chopped-up draft extension bill, along with its companion pay boost measure.

Senate leaders indicated an inclination to do nothing for at least a week about the two pieces of legislation passed yesterday by the house.

May Drop Iran Case

BULLETIN

NEW YORK.—The United Nations security council today postponed action on Russia's proposal for dropping the Russian-Iranian case and adjourned until tomorrow with three delegates demanding immediate consideration of Poland's charges against Franco Spain.

By FRANCIS W. CARPENTER

NEW YORK, April 16.—France proposed a compromise solution of the new Russian crisis in the United Nations Security Council today and the secretary-general informed the Council that there may be no way in which the Council may keep the Iranian case before it.

Trygve Lie, secretary-general, gave his opinion to the Council in a memorandum which was read after presentation of the French proposal to turn the matter over to the secretary general for a report.

Lie Gives Opinion

Lie's memorandum was referred to the committee of experts for a report on it within two days.

The main points of Lie's memorandum were:

1. The Council had made no finding that a dispute actually existed.

2. In view of this the only possible action was to order an investigation under the charter. This had not been done.

3. Iran has asked the Council to drop the complaint.

Edward R. Stettinius, Jr., resuming the debate against Russia's proposal to drop the Iranian case from the agenda immediately, charged that Andrei A. Gromyko, Russian delegate, had "questioned the motives of the United States."

Stettinius said he regretted the Soviet action. Then he stated again his judgment that it would be "unwise for the Council to drop the Iranian matter."

He said the Council could not ignore the fact that "the sudden reversal of the Iranian position occurred while Soviet troops still were physically in Iran."

Stettinius said the United States did not question Russia's integrity. Gromyko said Russia and Iran have reached an agreement on all points and that both wanted the case dropped.

Calling Stettinius' position "illogical," Gromyko said:

"The delegate from the United States sacrifices logic in order to prolong and inflate this so-called Iranian question."

Carrying out his intention announced late yesterday to make such a proposal, Henri Bonnet, the French delegate, handed in his resolution before the Council convened this morning.

Bonnet proposed that the Council take note of Iran's withdrawal of its case against Russia.

Arrange Program For Good Friday

"The Last Seven Words of Jesus From the Cross" will be the general theme for the Community Good Friday service sponsored by the Salem Ministerial association which is set for 12 to 3 p. m. Friday in the Methodist church.

Seven ministers will have part and special music will be featured. Outline of the service is as follows:

"The Word of Intercession." Rev. G. D. Keister, pastor of the Holy Trinity Lutheran church; "The Word of Authority." Rev. R. J. Hunter, pastor of the First Baptist church; "Word of Remembrance." Rev. John Bauman, pastor of the Emmanuel Lutheran church; "Word of Loneliness." Dr. J. A. Scott, pastor of the Methodist church; "Word of Suffering." Rev. C. F. Evans, pastor of the Christian church; "Word of Victory." Rev. Roy Allison, pastor of the Presbyterian church; "Word of Refuge." Rev. R. E. Mosier, pastor of the First Friends church. There will be short intermissions between the talks.

Dr. Scott, president of the Ministerial association, will be in charge.

"SALOME" DANCE SOURCE OF WOE TODAY AS DETROIT STUDENTS STRIKE

DETROIT, April 16.—The case of Lincoln High school's "Salome," whose scantily-clad dance was the hit of a recent "teen-age" assembly, went before the school board today.

An estimated 150 of the 800 rural high school students struck Monday after a rumor spread that 16-year-old Beverly Cort would be expelled for her forbidden performance in the revue.

Walter Bradley, principal, said there is no thought of expelling the girl and that she probably will not be punished at all. He said he asked the students to return to classes and to send a delegation to discuss the matter with the school board.

Beverly, Bradley said, was to have worn slacks in her appearance in the assembly room.

Instead, he said, she slipped out of them at the last moment and "Salome" danced in abbreviated shorts and ballet skirt with a top resembling a bathing suit.

A "vigorous protest" came from the show's sponsor, Mrs. Stella Koski, civics teacher at the school.

Bradley said Mrs. Koski had asked elimination of the skit, entitled "Salome." Where She Danced," on grounds that it was more suited for adults than for school children, and that the student show people had agreed.

"Yet when the show came on, 'Salome' danced," Bradley said. "They slipped the skit back in on Mrs. Koski."

He added that Beverly's "combination" costume was not objectionable to him but agreed that it was definitely of adult caliber.

Dr. Ruggy "Man of the Year" Choice at OSU Medical School

Dr. George Harris Ruggy, son of Mrs. Eva Harris Ruggy of 602 E. Third st., has been named "Man of the Year" by the Caducean, senior class publication of the Ohio State University College of Medicine.

The front section of the college yearbook carries a full page picture of the Salem man.

Named first junior dean of the university's school of medicine by Dr. Charles A. Doan, dean, in December, 1945, Dr. Ruggy is the youngest faculty member ever to receive this recognition.

As junior dean, he serves as liaison officer between the student body and the faculty and administration.

Salem High Graduate

Dr. Ruggy was born here and graduated from Salem High school. Following completion of his high school studies, he attended the College of Wooster where he received the degree of Bachelor of Arts, magna cum laude, in 1932.

Continuing his training at Ohio State university, he received the Master of Arts degree in 1934. From 1932 to 1936, Dr. Ruggy held the position of graduate assistant in physiological chemistry. He was granted his Doctor of Philosophy degree from Ohio State in 1936.

After serving as instructor in physiological chemistry and pharmacology at OSU from 1936 to 1939, he attended the School of Medicine at the University of Chicago where he received the degree of Doctor of Medicine in 1940.

Upon completion of a year of service as house officer at Blodgett Memorial hospital, Grand Rapids, Mich., Dr. Ruggy returned to Ohio State as assistant professor of physiological chemistry, a position which he still holds.

He is also assistant professor of medicine having been appointed to that post in January, 1942.

During the past few years, he was engaged in secret research on the clinical toxicity of atabrine, the reports of which are, as yet, unpublished.

He is a member of Phi Lambda Upsilon, honorary chemical society; Sigma Xi, graduate honorary scientific society, and Alpha Omega Alpha, national honorary society for medical students.

The Caducean awarded Dr. Ruggy the coveted "Man of the Year" honor for his "unique combination of youthful clarity of vision, superior training and sagacity."

SENTENCE BURGLAR IN SILVER THEFT

LISBON, April 16.—Harry Mitchell of Detroit, charged with burglary in an indictment returned by the April grand jury, entered a plea of guilty when arraigned before Common Pleas Judge Joel H. Sharp Monday afternoon and was sentenced to a term of not less than one year nor more than 15 years in the Ohio penitentiary.

Mitchell was arrested when he dropped from a roof into the arms of a policeman after burglarizing the A. R. Silver home in Salem.

Donald Jewell, East Liverpool youth, entered a plea of guilty to theft of a car owned by D. E. Hill on Jan. 9, and a plea was made for probation which was referred to Probation Officer Chris Pussey for investigation.

Donald B. Justison, who entered a plea of guilty to a charge of having burglarized the Helman tailor shop in East Palestine, also asked probation.

WILL CONTINUE COUNTY TB CARE

Commissioners Plan To Treat Patients Despite Lack of Funds

LISBON, April 16.—County commissioners decided yesterday not to bring tuberculosis patients home from the sanatorium at the end of the month, even though funds are not available to pay for their care.

The decision was reached by the board following a discussion of the situation with a representative group from the Columbiana County Public Health league headed by Mark Klingensmith of Columbiana, president, Arch Dalton, Lisbon, secretary, George Lafferty, Lisbon, executive secretary and E. S. Kerr, superintendent of the Salem schools.

It was stated that removal of the patients at this time would not only have serious results on the patient, but would further endanger and increase the spread of the disease.

There are at present 26 patients receiving sanatorium care, and 96 other known cases which should be hospitalized, Dalton stated.

Support of a levy for tuberculosis care was pledged during the meeting and it is probable the issue will be presented at the November election.

The board, on the strength of the optimistic passage of the levy, have agreed to leave the patients in hospitals and thereby incur an illegal debt which would have to be paid from revenue obtained by a voted levy.

Health league officials estimate an appropriation of \$100,000 annually will be needed for the next few years until the disease can be brought under control.

Employees To Strike

WAR CONTROLS RETURNED ON BUTTER, MEAT

Departments Move To Aid Production, Processing Of Some Food Items

By WILLIAM A. KINNEY
WASHINGTON, April 16.—The government mapped a new attack on the snarled food situation today involving butter, bread, meat—and black markets.

War-time controls were slapped back in an effort to spur butter production and Stabilization Director Chester Bowles foresaw a "real improvement within the next 60 days" on this front.

The senate agriculture committee called for more details on factors dislocating meat distribution and OPA and the agriculture department moved to restore other war-time controls on slaughtering with the aim of spreading available supplies more evenly.

Bread Problem Grows

A potential bread problem had members of the senate small business committee seeking ways of meeting famine relief quotas for overseas without impairing the nation's flour supplies.

Baking industry spokesmen told the committee yesterday that if these supplies fall 25 per cent below last year government bread rationing or black markets in the food are probable.

Did Henry Know?

Doubt arises as to whether the Democratic party is cleaning the house or wrecking it. The secretary of commerce is giving the political elbow to Jeffersonians and at the other extreme of the coalition the attorney general is giving the elbow to Marxists.

Even though Mr. Wallace carries vastly more political weight than Mr. Clark, the fact that the latter has called on the Political Action Committee to disown any "radical and un-American elements" in its ranks is tremendously significant.

As attorney general, Mr. Clark is the cabinet member responsible for the FBI and also for legal action against unfriendly aliens. When he asserts that "we are either American or un-American," he comes close to reversing a dictum of long standing among certain elements of Washington's inner circle since 1933, who seemed to believe that being just an American was un-American in itself.

Furthermore, Mr. Clark was not making these remarks in a vacuum, but to representatives of the P. A. C., whose critics "have grown into the habit of accusing you of harboring radical and un-American elements." Without saying whether he agreed with the critics or not, Mr. Clark advised the P. A. C. to disown "radical and un-American elements" so it can come to the court of public opinion with clean hands.

If Mr. Wallace did not know Mr. Clark was going to make these remarks, this week's cabinet meeting should be lively. The P. A. C. is Henry's specialty.

Strike DeLuxe

There is no reason why a strike of airplane pilots should be regarded as unusual. The pilots have a union, work for money and want more, just like almost everyone else in these up-and-coming times.

But the decision of organized pilots to strike against T. W. A., first important move to tie up aerial transportation, will be regarded as something unusual, as something more than another strike. There are two reasons.

One is the fact that first-class pilots are hardly in the proletarian league; their salaries may go above \$10,000. The other is the fact that airplane pilots as an occupational group are set apart from the ordinary run of mortals. They are classed with circus aerialists, magicians, and movie stars. Frankly, it is going to be a shock to some of the ground-bound yokels to realize that pilots fly for money.

Everybody has the right to strike, and nearly everybody exercises it. One union is just as good as another. It is only a matter of a few formalities and a couple of deadlocks until the Association of Everybody With an Income Of Over \$100,000 A Year walks out, to stay out until its members are guaranteed \$118,500 plus disability allowances for nervous breakdowns.

Conservation Program

Not so many years ago the present Ohio Division of Conservation and Natural Resources was known by the very well understood name of Fish and Game Commission. As the commission, because of necessity became involved in added responsibilities, the name was changed to coincide with the broadened program. The reason is very simple.

Fifteen years ago the progress of Ohio's conservation program was actually measured by how many millions of fish were released in the lakes and streams of Ohio or how many pheasants and rabbits were turned loose in the fields. It made good reading in the news to see where 20,000 bass were released in this or that stream or that 3,000 Missouri rabbits were placed in the fields of Union or Logan county. Yes, it was good reading but poor conservation.

The program to a certain extent was good, but political favor often forced the Division to release fish in streams where, well known to fish authorities, they couldn't live. Likewise, rabbits and pheasants were turned loose in areas known to have insufficient food and cover—but it made good reading and perhaps controlled a vote or so. Still, it was poor conservation, and a long way from the right solution to wildlife problems.

Today, because of broader thinking and the disappearance of political influence within the official body that governs conservation policy, the Conservation Commission, farmers, outdoorsmen and the public in general are viewing the practical side of conservation. Instead of asking how many fish or rabbits are being released they are asking how many stream dams are being built or how many food and shelter areas are being operated. It is indeed a step in the right direction. A step that will lead not only Ohio, but the nation gradually out of the darkness in which it has blindly stumbled with its conservation problems.

Noble Redskin

A group of Russian scientists has reported that, on an expedition to their country's Arctic regions, they found pottery and other evidences of an ancient culture which definitely link the aboriginal inhabitants of Russia with the North American Indian.

We are grateful for this apparent confirmation of a long-suspected relationship, and for a purely personal reason. It clears up an uneasy feeling we have had about Mr. Gromyko, the Russian ambassador and Security Council representative. For weeks now he has been reminding us of someone, but we couldn't think who. Now, thanks to the Russian scientists, we know.

Mr. Gromyko obviously has sprung from the same stock as the Indian chief of frontier days, whose recreation in story, picture, and film has made him familiar to all of us. The impressive, unsmiling countenance so often seen in photographs, the spare and solemn speeches so seldom seen in print, the general air of sober and suspicious dignity—all these stamp him

as blood brother of the redskin brave of olden times. From now on, we shall never be able to think of Mr. Gromyko except as dressed in blankets, buckskin, and feathered war bonnet, joining hands with the misty past on that vanished bridge of land which is now the floor of Bering Strait.

Diogenes, Here He Is!

The "honest man" Diogenes wore out his lantern looking for has finally been unearthed—in Washington, of all places! Or didn't you notice that Secretary of the Treasury Fred M. Vinson told the House Banking committee the other day that federal taxes must remain high, even though government spending has been reduced to one-third its wartime peak?

We don't recall what reward, if any, Diogenes had in mind for the gentleman of integrity he hoped to find. But we suggest for Mr. Vinson the Order of the Irate Taxpayer, or, better yet, the Medal of the Terrified Politician.

The Stars Say

For Wednesday, April 17

A COMPLICATED and perplexing state of affairs seems to hold over, largely because of ill-advised, beligerent, or offensive conduct, especially in relation to those in influential positions where friendly intervention and co-operation are of prime importance. Their good will and friendly aid are to be cultivated rather than spurned or subjected to argument, controversy, impulsive or emotional whims.

It is a matter of choosing the safer course when great issues are at stake. This applies to business, work, social and domestic as well as romantic relations.

Those whose birthday it is are on the eve of a year in which its success, productiveness and pleasant relations are largely dependent on their wise, tactful, courteous and amiable managing of critical or threatening conditions, which might be jeopardized when they could be fortified and enlarged in benefits and rewards by appreciation of the intervention of those in power and good will.

Rash, intemperate and misdirected words and deeds would defeat best ends.

A child born on this day will probably be its "own worst enemy" by its reckless, turbulent or indulgent behavior, when good will, amiability and emotional restraints might win over friends in a crisis.

Worry is what you sometimes read between the lines on a person's face.

Soap, Water, Sulphur Lotion For Boils

BY HERMAN N. BUNDESEN, M.D.
SINCE the time of Job, and doubtless before, mankind has rated boils as among its most painful afflictions. Poor Job scraped himself with a potsherd and cursed the day he was born.

The modern man fortunately, has other and better resources against this skin infection, which is known to doctors as furunculosis.

The parts of the skin most often attacked by boils are the back of the neck within the hair margin, the sweat and fat glands in the armpits, the buttocks and the forearms.

Infections which penetrate deeply into the skin are called carbuncles.

Location and Severity

The treatment of furunculosis will depend on the location and severity of the infection. In the case of small boils which develop in the back of the neck, Dr. S. Watson Smith of England, suggests that the area which is affected be washed twice a day with soap and water, followed by the application of a sulphur lotion without putting any gauze covering over the area.

As soon as the boils soften he advises they be opened using a pointed match stick dipped in a mild tincture of iodine.

When many small boils develop in other parts of the body, Dr. Smith advises covering them with gentian violet morning and night for a week. After the boils are opened, he advises that a magnesium sulfate paste spread on gauze be applied and changed every four hours.

Cover Carbuncles

In the case of carbuncles he does

not believe that they should be cut open. He thinks the best treatment is to cover them also with a magnesium sulfate paste and to give injections into a muscle of penicillin.

A penicillin preparation instead of the magnesium sulfate paste may be applied liberally to the carbuncle.

The logic of this is plain when it is understood that in most instances boils are caused by staphylococcus germs, which are among those most readily attacked by penicillin.

Boils or carbuncles may be dangerous. Hence, it is suggested by Dr. Smith that the patient be kept at rest in bed; that he be given a good diet and preparations containing vitamins such as yeast.

Sometimes, vaccine made from staphylococcus germs may be helpful in preventing attacks of boils. One of the sulfonamide drugs, such as sulfathiazole may also be administered. He does not believe that a sulfonamide ointment should be used on boils.

After recovery from an attack of boils has occurred, it may be a good idea to give the patient some iron-containing preparation to overcome any anemia or lessening of the coloring matter in the blood which has developed.

QUESTIONS AND ANSWERS

M. E.: What are the symptoms of Paget's disease of the bones?

Answer: Paget's disease of the bones is a chronic condition which affects chiefly the skull, the spine and the long bones in the legs and arms. It causes thickening of the

bones, and the large bones in the leg known as the "femur" becomes bent.

The disease usually begins with indefinite pains, in individuals between 50 and 60 years of age. The arms and legs may be sore, the pain being worse at night. Headache and bronchitis also occur. Due to the bending of the legs, a patient becomes shorter in height.

No treatment which will cure this condition has yet been discovered.

M. D.: Is there a cure for undulant fever?

Answer: There is no specific treatment for undulant fever. However, with proper hygiene and plenty of rest, the condition, in most cases, clears up. A specific serum has been used but has not been found especially effective.

570 ON YOUR DIAL

What is your GUESS?
on our profits...

SOMETIMES, although an idea is wrong, it does no harm. Like the idea that a square jaw is the sign of will power. That winters aren't as severe as they used to be, or that red hair denotes quick temper.

But there are other wrong ideas, which are definitely harmful to public confidence in and understanding of industry. One such idea is the current "guessing" about profits made by large business organizations.

Many people are apt to grossly exaggerate the money made by business. So Opinion Research Corporation (an independent organization) made a survey to learn just what the public thinks about profits. Compare these guesses and yours with the International Harvester profit figures given below.

Public guess on war profits... 30.0%

I H four war year average profit... 4.9%

In this survey, the average of the guesses by the public of the war-time profits made by industry was... thirty per cent (30%).

But in the four war years of 1942, 1943, 1944, and 1945, the profits of International Harvester Company averaged only... 4.9%, on sales. Less than one sixth of what the general public "guessed" for all industry.

For this period, the year by year per cent of profits on sales was: 1942—7.34, 1943—6.59, 1944—3.95, 1945—3.93.

Public guess on peace profits 18.0%

I H four pre-war year average profit... 7.17%

In the four peace years of 1938, 1939, 1940, and 1941, the profits of International Harvester Company averaged... 7.17%. This is well under half of what the public "guessed" for all industry.

Majority think fair profit in normal times is... 10%

I H ten-year average is less than 7%

The survey indicates the public knows that in our economy profits are indispensable. And the majority regard 10% as a fair

rate of profit in normal times. Many large businesses, including ourselves, would consider it a banner year if we could reach this figure. Our average profit for the last ten years—four war and six peace—was 6.43%—more than a third less than what the public considers fair.

All these figures show that our profits are not high. As a matter of fact, the entire farm machinery industry is a low profit industry. In 1944, the Federal Trade Commission published a list of 76 industries ranked in order of their ratio of profits to sales. The farm machinery industry was 57th on the list.

What About Current I H Prices?

When the War ended and we planned our peace-time production, we had hoped to be able to serve our farmer customers at the same level which has held since 1942, regardless of war-time increases in costs of wages and materials up to that time. But recent developments have forced a change in our plans.

Our customers can be certain that we will seek no more than a moderate profit, both because of our policies and because we have approximately 300 competitors fighting us vigorously for your business. Our request for price relief will be no more than is necessary to insure continued service to our customers, continued work for our employees, and a reasonable return for our stockholders.

terms up to that time. But recent developments have forced a change in our plans.

Wages and materials consume nearly all of every dollar Harvester takes in from sales. A Government board has recommended and the Company has agreed to pay a general wage increase of 18 cents per hour for Harvester factory employees. The Government has also allowed price increases on raw materials which we purchase in large quantities. Steel has had an average increase of 8.2%.

There has been no general increase in our prices since they were frozen by the Government early in 1942.

So our situation today is that what we BUY costs us 1946 prices. We will be paying average hourly wages 56% above 1941. For what we SELL we get only 1942 prices. This condition cannot long be met out of our present low rate of profit.

Future Prices on I H Products

It is plain that price relief will be needed to meet the increased wage and material costs which we must carry.

We regret this necessity. We prefer to lower prices, when possible, rather than raise them and we know our customers prefer to have us do that. We had hoped to be able to "hold the line," at least.

But we do not see how we can avoid operating at a loss if our prices continue to remain at their present frozen levels. We will NOT "cut corners" on any of our products, because QUALITY IS THE FOUNDATION OF OUR BUSINESS.

Did Henry Know?

Doubt arises as to whether the Democratic party is cleaning the house or wrecking it. The secretary of commerce is giving the political elbow to Jeffersonians and at the other extreme of the coalition the attorney general is giving the elbow to Marxists.

Even though Mr. Wallace carries vastly more political weight than Mr. Clark, the fact that the latter has called on the Political Action Committee to disown any "radical and un-American elements" in its ranks is tremendously significant.

As attorney general, Mr. Clark is the cabinet member responsible for the FBI and also for legal action against unfriendly aliens. When he asserts that "we are either American or un-American," he comes close to reversing a dictum of long standing among certain elements of Washington's inner circle since 1933, who seemed to believe that being just an American was un-American in itself.

Furthermore, Mr. Clark was not making these remarks in a vacuum, but to representatives of the P. A. C., whose critics "have grown into the habit of accusing us of harboring radical and un-American elements." Without saying whether he agreed with the critics or not, Mr. Clark advised the P. A. C. to disown "radical and un-American elements" so it can come to the court of public opinion with clean hands.

If Mr. Wallace did not know Mr. Clark was going to make these remarks, this week's cabinet meeting should be lively. The P. A. C. is Henry's specialty.

Strike DeLuxe

There is no reason why a strike of airplane pilots should be regarded as unusual. The pilots have a union, work for money and want more, just like almost everyone else in these up-and-coming times.

But the decision of organized pilots to strike against T. W. A., first important move to tie up aerial transportation, will be regarded as something unusual, as something more than another strike. There are two reasons.

One is the fact that first-class pilots are hardly in the proletarian league; their salaries may go above \$10,000. The other is the fact that airplane pilots as an occupational group are set apart from the ordinary run of mortals. They are classed with circus aerialists, magicians, and movie stars. Frankly, it is going to be a shock to some of the ground-bound yokels to realize that pilots fly for money.

Everybody has the right to strike, and nearly everybody exercises it. One union is just as good as another. It is only a matter of a few formalities and a couple of deadlines until the Association of Everybody With an Income Of Over \$100,000 A Year walks out, to stay out until its members are guaranteed \$118,500 plus disability allowances for nervous breakdowns.

Conservation Program

Not so many years ago the present Ohio Division of Conservation and Natural Resources was known by the very well understood name of Fish and Game Commission. As the commission, because of necessity, became involved in added responsibilities, the name was changed to coincide with the broadened program. The reason is very simple.

Fifteen years ago the progress of Ohio's conservation program was actually measured by how many millions of fish were released in the lakes and streams of Ohio or how many pheasants and rabbits were turned loose in the fields. It made good reading in the news to see where 20,000 bass were released in this or that stream or that 3,000 Missouri rabbits were placed in the fields of Union or Logan county. Yes, it was good reading but poor conservation.

The program to a certain extent was good, but political favor often forced the Division to release fish in streams where, well known to fish authorities, they couldn't live. Likewise, rabbits and pheasants were turned loose in areas known to have insufficient food and cover—but it made good reading and perhaps controlled a vote or so. Still, it was poor conservation, and a long way from the right solution to wildlife problems.

Today, because of broader thinking and the disappearance of political influence within the official body that governs conservation policy, the Conservation Commission, farmers, outdoorsmen and the public in general are viewing the practical side of conservation. Instead of asking how many fish or rabbits are being released they are asking how many stream dams are being built or how many food and shelter areas are being operated. It is indeed a step in the right direction. A step that will lead not only Ohio, but the nation gradually out of the darkness in which it has blindly stumbled with its conservation problems.

Noble Redskin

A group of Russian scientists has reported that, on an expedition to their country's Arctic regions, they found pottery and other evidences of an ancient culture which definitely link the aboriginal inhabitants of Russia with the North American Indian.

We are grateful for this apparent confirmation of a long-suspected relationship, and for a purely personal reason. It clears up an uneasy feeling we have had about Mr. Gromyko, the Russian ambassador and Secretary Council representative. For weeks now he has been reminding us of someone, but we couldn't think who. Now, thanks to the Russian scientists, we know.

Mr. Gromyko obviously has sprung from the same stock as the Indian chief of frontier days, whose recreation in story, picture, and film has made him familiar to all of us. The impulsive, unsimiling countenance so often seen in photographs, the spare and solemn speeches so seldom seen in print, the general air of sober and suspicious dignity—all these stamp him

as blood brother of the redskin brave of olden times. From now on, we shall never be able to think of Mr. Gromyko except as dressed in blankets, buckskin, and feathered war bonnet, joining hands with the misty past on that vanished bridge of land which is now the floor of Bering Strait.

Diogenes, Here He Is!

The "honest man" Diogenes wore out his lantern looking for has finally been unearthed—in Washington, of all places! Or didn't you notice that Secretary of the Treasury Fred M. Vinson told the House Banking committee the other day that federal taxes must remain high, even though government spending has been reduced to one-third its wartime peak?

We don't recall what reward, if any, Diogenes had in mind for the gentleman of integrity he hoped to find. But we suggest for Mr. Vinson the Order of the Irate Taxpayer, or, better yet, the Medal of the Terrified Politician.

Soap, Water, Sulphur Lotion For Boils

BY HERMAN N. BUNDESEN, M.D.
SINCE the time of Job, and doubtless before, mankind has rated boils as among its most painful afflictions. Poor Job scraped himself with a potsherd and cursed the day he was born.

The modern man fortunately, has other and better resources against this skin infection, which is known to doctors as furunculosis.

Infections which penetrate deeply into the skin are called carbuncles.

Location and Severity

The treatment of furunculosis will depend on the location and severity of the infection. In the case of small boils which develop in the back of the neck, Dr. S. Watson Smith of England, suggests that the area which is affected be washed twice a day with soap and water, followed by the application of a sulphur lotion without putting any gauze covering over the area.

As soon as the boils soften he advises they be opened using a pointed match stick dipped in a mild tincture of iodine.

When many small boils develop in other parts of the body, Dr. Smith advises covering them with gentian violet morning and night for a week. After the boils are opened, he advises that a magnesium sulfate paste spread on gauze be applied and changed every four hours.

Cover Carbuncles

In the case of carbuncles he does

not believe that they should be cut open. He thinks the best treatment is to cover them also with a magnesium sulfate paste and to give injections into a muscle of penicillin.

A penicillin preparation instead of the magnesium sulfate paste may be applied liberally to the carbuncle.

The logic of this is plain when it is understood that in most instances boils are caused by staphylococcus germs, which are among those most readily attacked by penicillin.

Boils or carbuncles may be dangerous. Hence, it is suggested by Dr. Smith that the patient be kept at rest in bed; that he be given a good diet and preparations containing vitamins such as yeast.

Sometimes, vaccine made from staphylococcus germs may be helpful in preventing attacks of boils. One of the sulfonamide drugs, such as sulfathiazole may also be administered. He does not believe that a sulfonamide ointment should be used on boils.

After recovery from an attack of boils has occurred, it may be a good idea to give the patient some iron-containing preparation to overcome any anemia or lessening of the coloring matter in the blood which has developed.

570 ON YOUR DIAL

What is your **GUESS?**
on our profits...

SOMETIMES, although an idea is wrong, it does no harm. Like the idea that a square jaw is the sign of will power. That winters aren't as severe as they used to be, or that red hair denotes quick temper.

But there are other wrong ideas, which are definitely harmful to public confidence and understanding of industry. One such idea is the current "guessing" about profits made by large business organizations.

Many people are apt to grossly exaggerate the money made by business. So Opinion Research Corporation (an independent organization) made a survey to learn just what the public thinks about profits. Compare these guesses and yours with the International Harvester profit figures given below.

Public guess on war profits... 30.0%

IN four war year average profit... 4.9%

In this survey, the average of the guesses by the public of the war-time profits made by industry was... thirty per cent (30%). But in the four war years of 1942, 1943, 1944, and 1945, the profits of International Harvester Company averaged only... 4.9% on sales. Less than one sixth of what the general public "guessed" for all industry.

For this period, the year by year per cent of profits on sales was: 1942—7.34, 1943—6.59, 1944—3.95, 1945—3.93.

Public guess on peace profits 18.0%

IN four pre-war year average profit... 7.17%

In the four peace years of 1938, 1939, 1940, and 1941, the profits of International Harvester Company averaged... 7.17%. This is well under half of what the public "guessed" for all industry.

Majority think fair profit in normal times is... 10%

IN ten-year average is less than 7%

The survey indicates the public knows that in our economy profits are indispensable. And the majority regard 10% as a fair

rate of profit in normal times. Many large businesses, including ourselves, would consider it a banner year if we could reach this figure. Our average profit for the last ten years—four war and six peace—was 6.43%—more than a third less than what the public considers fair.

All these figures show that our profits are not high. As a matter of fact, the entire farm machinery industry is a low profit industry. In 1944, the Federal Trade Commission published a list of 76 industries ranked in order of their ratio of profits to sales. The farm machinery industry was 57th on the list.

What About Current I H Prices?

When the War ended and we planned our peace-time production, we had hoped to be able to serve our farmer customers at the same level which has held since 1942, regardless of war-time increases in costs of wages and materials.

But we do not see how we can avoid operating at a loss if our prices continue to remain at their present frozen levels. We will NOT "cut corners" on any of our products, because QUALITY IS THE FOUNDATION OF OUR BUSINESS.

Our customers can be certain that we will seek no more than a moderate profit, both because of our policies and because we have approximately 300 competitors fighting us vigorously for your business. Our request for price relief will be no more than is necessary to insure continued service to our customers, continued work for our employees, and a reasonable return for our stockholders.

BAND PLUMBS SOUND

AS PROF SOUNDS PLUMB

MISSOULA, Mont.—Trombones and trumpets blared in one part of Montana University students union building, as a band rehearsed.

The dignified Rockefeller Institute study group met in another room.

Raising his voice above the brass, Dr. Baker Brownell shouted: "They practice while we preach!"

WRITE THIS DOWN

OR GET BALD UP

BALTIMORE—The ancient Egyptians were troubled with baldness, too. Their prescription for falling hair, as quoted in a Johns Hopkins Journal, was: "Foes of a dog, one part; ripe dates, one part; asses' hoof, one part. Boil carefully in a pan of oil and use to rub in." If that didn't help, they had an alternative remedy: "Equal parts of writing ink and cerebrospinal fluid."

SHEVEN PLUSH SHIX

EQUALS \$200 FINE

JOHANNESBURG — When a South African miner was arrested for driving a motor car while under the influence of liquor, the Rand district surgeon tried his own test for sobriety on the man, asking him to add seven and six. He got 46. Told to add five and five, the man came up with 45. The magistrate then did some addition and made it \$200 or six months.

DEER, DEER, WHERE'S THE MONEY?

KIRUNA, Sweden—A Laplander, whose people are accustomed to count their wealth in numbers of reindeer with the owner of a medium sized herd rated a rich man, made his first acquaintance with a bank.

Having completed a large sale of reindeer meat he was given his money over the counter of a Kiruna bank. The cashier suggested that he deposit the large sum in the bank and draw interest. Learning that this would mean, in other words, that the bank would be borrowing his money, the Lapp asked: "How many reindeer do you have as security?"

SOON CITIES'LL WHIZ

RICHMOND, Va.—Richmond and Washington are getting nearer to each other all the time. When completed, highway work now under way will shorten the distance between the two cities by 443 miles.

FINDERS KEEPERS?

CHICAGO—A bank telephoned H. W. Bornhoft, reported it had found a fountain pen bearing his name, and asked if he had lost it. Yes, he said, he had lost it—six years ago.

"Saucering" Good Etiquet

In Colonial days, diners drank from their saucers with the full sanction of prevailing etiquette rules. So that the tablecloth would not become soiled, smaller dishes were provided for the cups while the saucers were in use.

Person's Attitude Mentally Cited As Cause of Accidents

SAN FRANCISCO, April 16 — A person's state of mind and personality makeup have more to do with causing accidents than coincidence or unfavorable circumstances, two University of California psychiatrists reported today after a study of 265 cases.

Anger, excitement, drunkenness, worry or feelings of hate or fear "are strong factors predisposing an individual to have an accident," they said.

They also found that if a person receives an injury while in any of these disturbed or abnormal mental states, the period of recovery may be unduly long or he may even become a mental invalid unless while under treatment he is shown that the accident was his own fault and his troubled mind is cleared.

The study was made by Dr. Juergen Ruesch, research psychiatrist, and Dr. Karl M. Bowman, head of the university's psychiatric clinic. It was undertaken in behalf of the government's office of scientific research and development.

Dr. Ruesch and Dr. Bowman reported evidence that individuals in troubled mental or emotional states "willfully seek danger and accident

Lady's Stomach Was Like A Gas Factory: Meals Turned To Gas

One lady said recently that her stomach used to be like a "gas factory." That is, when she ate a meal it seemed to turn right into gas. She was always bloated, had awful stomach gas pains, daily headaches and constant irregular bowel action. Now, however, this lady says she is FREE of STOMACH GAS and she says the change is due to taking ERB-HELP. Her meals agree with her. No gas or bloating after eating. Headaches and constipation are gone. "Oh! what relief!" states this lady. "Why don't other gas and constipation sufferers get Erb-Help?"

ERB-HELP contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering. Get ERB-HELP! Lease Drug Stores.

100 Women Attend Easter Tea Given By Book Club

A lovely Easter tea was given by the Book club yesterday afternoon in the public library assembly room, which was resplendent with bouquets of vari-colored spring flowers.

Nearly 100 women, members and guests, enjoyed the affair, which was one of the outstanding of the club's season.

The guests were welcomed by Mrs. L. P. Koenreich, president, who was in charge.

A book review, "Lightfoot" (Kendricks) by Mrs. R. R. Woods, president elect, featured the delightful program.

The Youth quartet from the First Baptist church, composed of Thomas Williams, Mary Mae Votaw, Donna Regal and Ben Brudely offered two Easter vocal selections, "Amen" and "He Arose" with Mrs. George Talbot as the accompanist.

Mrs. Koenreich will represent the club at the annual meeting of the Ohio Federation of Women's Clubs scheduled for Wednesday and Thursday, May 1 and 2, in Cleveland. Mrs. Woods is the alternate delegate.

Dedicate Book

In memory of the late Mrs. W. H. Matthews, who had been a member of the club for more than 20 years, a book "Christ and The Fine Arts" (Maus) will be placed in the public library. This is in keeping with the club's custom for all its members.

The refreshment table, laid with a lace cloth, presented a beautiful appearance. It was centered with a large bouquet of daffodils in a crystal bowl which was flanked with tall green tapers in crystal candleholders. Mrs. D. A. Wilhelm, the first president of the club, and Mrs. Harold Wykoff, a past president, presided.

Mrs. Koenreich, Mrs. C. D. Wernef, secretary, Mrs. Wilhelm and Mrs. Wykoff wore apple blossom corsages which were presented to them by the hospitality committee, in charge of the tea.

The committee is composed of Mrs. Ralph Long, Mrs. A. J. McDaniels, Mrs. Clyde Williams, Mrs. H. D. Huttenhower and Mrs. Howard McDonald.

Schimp-Shaffer Vows Will Be Exchanged

Miss Mary K Schimp, daughter of Mrs. Raymond Kiser of W. Fourth st., and Russell C. Shaffer, Jr., son of Mr. and Mrs. Russell Shaffer of E. Second st., will be married at 3 p. m. Friday in the First Baptist church by the pastor, Rev. R. J. Hunter.

Open church will be observed.

Miss Miller, Fiance Honored At Party

Miss Esther Miller and Richard Lantz were honored at an engagement party recently at the home of her parents, Mr. and Mrs. S. T. Miller, Jr., Washington ave.

The home was attractively decorated with spring flowers and silhouettes of the couple served as favors. Lunch was served by Mrs. Miller and her sister, Mrs. Michael Yunk. Approximately 20 guests were present. Games of "500" furnished entertainment.

Esther Butler Group To Meet Thursday

The Esther Butler Missionary society of the First Friends church will meet at 2:30 p. m. Thursday at the church.

Sunday guests at the home of Mr. and Mrs. John Fleischer, E. State st., were Mrs. John Haupt and son, Edward, Mr. and Mrs. B. W. Whipple and Marjorie and Donald Schrimper of Erie, Pa.

Mr. and Mrs. B. C. Crapster, Damascus road, spent Monday at Youngstown.

Mr. and Mrs. R. C. Ripple of Granite st. spent the weekend in Cleveland. They visited her brother, Charles D. Pink, who is in Lakeside hospital.

W. L. Pults has returned from a vacation trip to Bradenton and St. Petersburg, Fla.

Mr. and Mrs. W. H. Cleland of E. Sixth st. returned last evening from several months' visit in California.

100 Women Attend Easter Tea Given By Book Club

A lovely Easter tea was given by the Book club yesterday afternoon in the public library assembly room, which was resplendent with bouquets of vari-colored spring flowers.

Nearly 100 women, members and guests, enjoyed the affair, which was one of the outstanding of the club's season.

The guests were welcomed by Mrs. L. P. Koenreich, president, who was in charge.

A book review, "Lightout" (Kendricks) by Mrs. R. R. Woods, president elect, featured the delightful program.

The Youth quartet from the First Baptist church, composed of Thomas Williams, Mary Mae Votaw, Donna Regal and Ben Brudnerly offered two Easter vocal selections, "Alone" and "He Arose" with Mrs. George Talbot as the accompanist.

Mrs. Koenreich will represent the club at the annual meeting of the Ohio Federation of Women's Clubs scheduled for Wednesday and Thursday, May 1 and 2, in Cleveland. Mrs. Woods is the alternate delegate.

Dedicate Book

In memory of the late Mrs. W. H. Matthews, who had been a member of the club for more than 20 years, a book "Christ and The Fine Arts" (Maus) will be placed in the public library. This is in keeping with the club's custom for all its members.

The refreshment table, laid with a lace cloth, presented a beautiful appearance. It was centered with a large bouquet of daffodils in a crystal bowl which was flanked with tall green tapers in crystal candleholders. Mrs. D. A. Wilhelm, the first president of the club, and Mrs. Harold Wykoff, a past president, presided.

Mrs. Koenreich, Mrs. C. D. Wernef, secretary, Mrs. Wilhelm and Mrs. Wykoff were apple blossom corsages which were presented to them by the hospitality committee, in charge of the tea.

The committee is composed of Mrs. Ralph Long, Mrs. A. J. McDaniels, Mrs. Clyde Williams, Mrs. H. D. Huttenhower and Mrs. Howard McDonald.

Schimp-Shaffer Vows Will Be Exchanged

Miss Mary K. Schimp, daughter of Mr. and Mrs. Russell C. Schaffer, Jr., son of Mr. and Mrs. Russell Schaffer of E. Second st., will be married at 3 p. m. Friday in the First Baptist church by the pastor, Rev. R. J. Hunter.

Open church will be observed.

Miss Miller, Fiance Honored At Party

Miss Esther Miller and Richard Lantz were honored at an engagement party recently at the home of her parents, Mr. and Mrs. S. T. Miller, Jr., Washington ave.

The home was attractively decorated with spring flowers and silhouettes of the couple served as favors. Lunch was served by Mrs. Miller and her sister, Mrs. Michael Yunk. Approximately 20 guests were present. Games of "500" furnished entertainment.

Esther Butler Group To Meet Thursday

The Esther Butler Missionary society of the First Friends church will meet at 2:30 p. m. Thursday at the church.

Sunday guests at the home of Mr. and Mrs. John Fleischer, E. State st., were Mrs. John Haupt and son, Edward, Mr. and Mrs. B. W. Whipple and Marjorie and Donald Schrimper of Erie, Pa.

Mr. and Mrs. B. C. Crapeter, Damascus road, spent Monday at Youngstown.

Mr. and Mrs. R. C. Ripple of Granite st. spent the weekend in Cleveland. They visited her brother, Charles D. Pink, who is in Lakeside hospital.

W. L. Fultz has returned from a vacation trip to Bradenton and St. Petersburg, Fla.

Mr. and Mrs. W. H. Cleland of E. Sixth st. returned last evening from several months' visit in California.

McDaniels-Hamilton Wedding Time Changed

The time of the wedding of Miss Margaret Alyce McDaniels, daughter of Mr. and Mrs. A. J. McDaniels, N. Hawley ave., and James Hamilton, son of Mrs. Olive Hamilton, Youngstown, has been changed from 7:30 p. m. Sunday to 6:30.

The ceremony will be solemnized at the Holy Trinity Lutheran church, with the pastor, Rev. G. D. Keister, officiating. Open church will be observed.

Lions Auxiliary Sets Guest Night Date

Plans were made for a guest night party, Wednesday, May 1, when members of the Lions auxiliary had a dinner meeting last night at the Coffee Cup restaurant. The party, a dinner-dance, will be held in the Blue room of the Metzger hotel.

Mrs. D. C. Rosing gave a book review, "Papa Went to Congress."

"I never thought I'd live to see the day I'd actually be hungry for the sight of a clean, neat uniform!"

Boyle's COLUMN

By HAL BOYLE

NAPLES — Naples is still the world's "Sad Sack." If the world's metropolises were rated on the stock market, Naples would be selling at zero. It is even disowned by the northern Italians who always speak of it as "Italy's shame," of the "cesspool of Italy." Some refuse to admit that Naples is in Italy at all, and there is an old saying that "Africa begins 20 miles south of Rome."

Massoloni could not clean up the Neapolitan or cure them of their lifelong cynicism and happy go lucky attitude for depravity. Naples is just a throwback to Paris in the days of Francois Villon—city that never quite grew out of the Middle Ages.

It is a place where most people prefer to do nothing for themselves, if they think they can get anyone else to do it for them. It is a place where thousands would rather work all day selling fake cameos than they would spend 15 minutes washing an honest window. It is the home grounds for all the confidence rackets ever spawned.

In a half hour's walk through its streets you can meet more thieves, hars, racketeers, chiselers, cut-throats, gamblers, ingenious beggars and short change artists—all fairly happy hungry and good-natured—than any place.

I guess that's why I like Naples so well. You meet more interesting people there than anywhere except in jail. Naples is Sing Sing without walls.

There is a legend that a committee once set out to find and reward an honest Neapolitan. After months of research the committee finally located a decrepit old man, who seemed to fill the bill. When told the nature of the reward being proffered him, he became very indignant.

"You mistake me for a Neapolitan," he roared. "I am a visitor from Padua."

When the American army first entered Naples in October, 1943, the streets were ankle deep in filth and the people wretched. The streets are cleaner now, but the people remain wretched. They likely will remain so unless they change their philosophy of life, or cease trying to outbreed the insect world. War cannot be blamed for all their troubles.

The streets have been repaired, most of the debris piles have been removed, but it will take more than a superficial face lifting to restore Naples' wrinkled, unrepentant heart. Poverty is widespread and truly predatory. Children are born to parents whose views were twisted from birth. There is much deep family love but little civil responsibility, less civic pride.

Neapolitans take to the black market like a tomcat to a stranded fish. If there were six people left in Naples and food enough for 20 two would corner the supply and sell it on the black market to the other four. And after a while one black market operator would find his partner was stealing from him. Naples needs food.

BROTHERS JAILED IN LIQUOR THEFT

(By Associated Press)

WHEELING, W. Va., April 16.—A series of prison terms, to run concurrently, were imposed late yesterday by Intermediate Judge D. A. McKee on two brothers who pleaded guilty to participation in the theft of a \$5,000 state liquor cargo and other offenses.

Donald Wilson, 37, of Glen's Run, O., was given 18 years and Gerald Wilson, 35, of Warwood, W. Va., 15 years for their part in the holdup in which 118 cases of liquor were stolen near Warwood last Sept. 18.

They also received terms of from two to 10 years for complicity in the theft of \$100 cash, loaded beer truck and other articles from the Shaffer Distributing Co.

Donald Wilson also was given two to 10 years for participation in the robbery of \$250 worth of liquor and some slot machines from the Pine Inn.

Previously, Jack Heeney, 43; Harry Kimla, 18, and his brother William Kimla, 21, all of Youngstown, O., were convicted of participation in the liquor truck robbery.

Heeney received three separate terms of life imprisonment, and the Kimla brothers drew indeterminate sentences of 10 years to life.

Heeney was given the life term under West Virginia's habitual criminal act.

Plan Reorganization

COLUMBUS, April 16.—The Ohio Public Service Co. asked the Ohio Utilities commission today for authority to reorganize its capital structure, as consolidated with those of the Ohio River Power Company, Inc., and the Marion-Reserve Power Co., through a competitive offering of new bonds and preferred stocks.

It takes 480 janitors to keep the Empire State building in New York City clean.

Child Beaten, Burned by Mother

Beverly Rose Shay, 3, is happy in the hospital at Grand Rapids, Mich., where she is getting the kindness and love she missed at home. Her mother, Mrs. Evelyn Shay, 24, and a discharged Navy veteran, Harvey M. Hubert, 31, of Grand Rapids are being held by police after they reportedly admitted beating Beverly with a two-inch strap and making her stand on a hot oil stove. Hubert and Mrs. Shay reportedly have been living together since December, although both are seeking divorces from their mates.

Says Emperor Planning To Embrace Christianity

DES MOINES, April 16.—Emperor Hirohito is studying Christian doctrines and will embrace Christianity in the near future, Rev. Bokko Tsuchiyama, a Japanese Christian minister from Osaka, told a Methodist Youth rally here yesterday.

The Japanese people also are looking for a new religion, the minister declared, adding "thousands are going to follow the emperor's lead."

"They feel Shinto and Buddhism have failed and are turning toward Christianity," Mr. Tsuchiyama asserted.

ICC Delays Slash On Coal Shipment Rates

PITTSBURGH, April 16.—Federal court here today announced the Interstate Commerce commission had agreed to a 30-day postponement, to June 1, for the effective date of an ICC ruling which reduces rates on soft coal shipments from Pennsylvania, Maryland, and parts of West Virginia to the Youngstown, O., district.

The railroads asked federal court for a permanent injunction against the order, covering all-rail shipments and ex-river hauling (in which the coal moves first by river barge and then by railroads.)

The carriers requested action by a three-judge court and the court sought a postponement, informing the ICC that three judges could not be assembled quickly enough to

give the injunction petition immediate consideration.

The ICC order of Oct. 2, 1945, reduced all rail rates from the Leontonia district to Youngstown 94 to 88 cents a ton; all rail rates from Indianapolis and Russellton to Youngstown, Warren, Niles, Struthers and Lowellville, O., from \$1.44 to \$1.32 a ton and from the Pittsburgh district to these Ohio points from \$1.44 to \$1.37 a ton.

"The new **GAS RANGE** is the Best Cooking Appliance ever built"

There are important reasons for such an overwhelming vote of confidence.

Modern Gas ranges are spotlessly clean, of course, just as they are completely automatic, with "clock-control-cooking," too, if you want it, but it is the marvelously efficient low flame method of Gas cooking that assures exact results—so easily—and wins the housewife's heart.

Over any other method of automatic cooking, the modern Gas range oven has the exclusive advantage of automatically graduated

heat. Temperatures are self-adjusting to meet the exact requirements of the oven evenly and continuously—not by fits and starts. It is the "throttle" type of heat control which makes this superiority possible.

Smokeless broiling is another exclusive feature obtainable only in the modern Gas range—made possible by the flame method of cooking. The flame consumes the broiling vapors.

See your Gas Appliance Dealer or Gas Company Office so you can enjoy a modern Gas range soon.

Child Beaten, Burned by Mother

Beverly Rose Shay, 3, is happy in the hospital at Grand Rapids, Mich., where she is getting the kindness and love she missed at home. Her mother, Mrs. Evelyn Shay, 24, and a discharged Navy veteran, Harvey M. Hubert, 31, of Grand Rapids are being held by police after they reportedly admitted beating Beverly with a two-inch strap and making her stand on a hot stove. Hubert and Mrs. Shay reportedly have been living together since December, although both are seeking divorces from their mates.

Says Emperor Planning To Embrace Christianity

DES MOINES, April 16.—Emperor Hirohito is studying Christian doctrines and will embrace Christianity in the near future, Rev. Bokko Tsuchiyama, a Japanese Christian minister from Osaka, told a Methodist Youth rally here yesterday.

The Japanese people also are looking for a new religion, the minister declared, adding "thousands are going to follow the emperor's lead."

"They feel Shinto and Buddhism have failed and are turning toward Christianity," Mr. Tsuchiyama asserted.

"The new **GAS RANGE** is the Best Cooking Appliance ever built"

There are important reasons for such an overwhelming vote of confidence.

Modern Gas ranges are spotlessly clean, of course, just as they are completely automatic, with "clock-control-cooking," too, if you want it, but it is the marvelously efficient low flame method of Gas cooking that assures exact results—so easily—and wins the housewife's heart.

Over any other method of automatic cooking, the modern Gas range oven has the exclusive advantage of automatically graduated

heat. Temperatures are self-adjusting to meet the exact requirements of the oven evenly and continuously—not by fits and starts. It is the "throttle" type of heat control which makes this superiority possible.

Smokeless broiling is another exclusive feature obtainable only in the modern Gas range—made possible by the flame method of cooking. The flame consumes the broiling vapors.

See your Gas Appliance Dealer or Gas Company Office so you can enjoy a modern Gas range soon.

Salem Athletics To Open Season Here Sunday, April 28

Will Meet First Eastern Ohio League Competition At Cuyahoga Falls May 5

Scott Chisholm's Salem Athletic club baseball team, local entry in the newly-organized Eastern Ohio baseball league, will open its season at Centennial park, Sunday, April 28.

With a 21 game league schedule arranged, the Salem club will swing into league play at Cuyahoga Falls on Sunday, May 5.

The game here April 28 with Marlboro will be a warm-up affair before the opening of the regular season, Chisholm said.

Included in the new league are Salem, Alliance, Canton, Cuyahoga Falls, Marlboro, Dover, Lisbon and Waynesburg. Chisholm is president of the league and Edward Myers, manager of the Alliance team, is secretary.

The Salem club has been holding workouts at Centennial park each week day evening for the past week. A three-hour session was held Sunday afternoon with 23 aspirants participating.

Back from the 1945 Athletic team are Russ "Batty" Morrison, Charlie Huffer, Francis "Dutch" Taubler, Joe Keppler and Frank "Lefty" Smith.

Morrison, Taubler and Huffer have played with the group since its inception three seasons ago. Smith hurried for the team half of the season last summer and turned in some exceptional pitching shows.

Smith formerly played with Erie, Pa., and the Hornell, N. Y. entry in the Pony league. He also pitched for the Youngstown Clives part of last season.

New candidates this year include George Bergman, Bob Cameron, Marinos Makras, Jim Garrett, Duane Loudon, Jim Smith, Dick and Bob Reash of Fairfield, Bob Onuska, Alex Simon, Fred Switzer, Frank Fowler, Lloyd Brunner, Bob Workman, Albert Wickline, Bob Ritchey, Red Dize and Wayne Sidinger.

Cameron, Makras, Loudon, Jim Smith, the Reash brothers, Simon, Switzer, Fowler, Workman, Wickline, Dize and Ritchey are ex-servicemen, back since last season.

League play, extending through Labor day, will include Sunday and holiday games. Salem will play 21 games, 10 away and 11 at home. The season will be divided into three rounds, but the league title will be based on an over-all percentage rating for the season.

At the close of the year the four top teams will engage in a Shaughnessy type playoff.

The complete Salem schedule:

First Round

May 5th, Salem at Cuyahoga Falls.
May 12th, Canton at Salem.
May 19th, Alliance at Salem.
May 26th, Salem at Lisbon.
May 30, Waynesburg at Salem.
June 2nd, Salem at Marlboro.
June 9th, Salem at Dover.

Second Round

June 16, Cuyahoga Falls at Salem.
June 23, Salem at Canton.
June 30, Salem at Alliance.
July 4th, Lisbon at Salem.
July 17th, Salem at Waynesburg.
July 14th, Marlboro at Salem.
July 21st, Dover at Salem.

Third Round

July 28th, Cuyahoga Falls at Salem.
Aug. 4th, Salem at Canton.
Aug. 11th, Alliance at Salem.
Aug. 18th, Salem at Lisbon.
Aug. 25th, Waynesburg at Salem.
Sept. 1st, Salem at Marlboro.
Sept. 2nd, Dover at Salem.

BOSTON PURCHASES SANDERS, SURKONT IN SURPRISE MOVE

BOSTON, April 16.—First division stock of the Braves soared today with the news that the club had purchased graceful Ray Sanders, St. Louis Cardinal regular first baseman for the past four seasons, and Matthew (Max) Surkont, a rugged, right handed pitcher from the same club.

The Braves gave as their part of the deal, first of many likely in this first postwar season, a "substantial amount of cash" and "under Tommy Nelson."

Nelson, who only appeared in 40 of the Braves' games last season, will be assigned to Columbus, the Redbirds' farm in the American association.

Characterized by his new, and also old manager, Billy Southworth, as "one of the best clutch hitters in the business," Sanders may give the Braves the needed power to gain them a first division berth.

The deal was completed just before midnight last night.

Sanders played on three Cardinal champion teams and in three World Series. While at Columbus he starred in two little World Series.

Surkont, 23, is recently out of the Coast Guard after four years service. He pitched for Rochester, a Cardinal farm, in 1941 and 1942.

Pigeon Club Opens Season On May 5

The Salem Homing Pigeon club's 1946 season will get under way Sunday, May 5, with a 100-mile run from Mount Vernon.

In releasing its name-race old bird schedule, the local club announced that it is donating a trophy to be awarded to the winner of the June 1 open special 600-mile event from Cuba, Mo. Birds from Salem, Youngstown, Akron, Canton, Columbus, East Palestine, East Liverpool and Steubenville are expected to participate.

The complete schedule is as follows:

May 5—100 mile race from Mount Vernon.
May 12—135 mile race from Columbus.
May 19—200 mile race from Dayton.
May 26—200 mile race from Dayton.

PASSEAU TO TOSS OPENER FOR CUBS AGAINST REDLEGS

Bill McKechnie Banks On Joe Beggs To Stifle Chicago Jinx

(By Associated Press)

CINCINNATI, April 16.—The Chicago Cubs, 1945 National league champions, came calling today on their favorite "country cousins" the Cincinnati Reds—in the hope they could start their 1946 pennant race with a victory.

Some 32,000 customers are expected to sit in on the festivities, weather permitting, and when the Cubs come tripping out on the field the pay-at-front-gate boys will be watching a team that whipped the Reds in 21 out of 22 games last season.

But this is a different Cincinnati ball club. Uncle Sam relinquished his grip on such fine ball players as Johnny Vander Meer, Joe Beggs, Lonnie Frey and Ray Mueller. And of course such reliables as Bucky Walters and Eddie Miller still are around.

Reds Lack Power

Despite an impressive list of returned service men, the Reds still seem to lack power hitters. It's another case of "good field, no hit," at least on the basis of spring training performances.

Manager Bill McKechnie tonight leaned toward Beggs as his starting hurler.

A hard rain last night dampened the ardor of Cincinnati's fans a little but the weather man forecast "cloudy, rather windy and cold" for today.

The Cubs were expected to open with Claude Passeau, the reformed Philadelphia who threw that one-hitter in the World Series last fall. The Bruins also will present almost exactly the same lineup that copped the National league flag a year ago and then dropped the seven-game World Series to the Detroit Tigers.

Only four members of Manager Steve O'Neill's 1945 World Series cast will be in the starting lineup and one of them, Lefty Hal Newhouser, will be on the hill to oppose Nelson Potter. Hank Greenberg, reconverted into a first baseman, second baseman Eddie Mayo and Catcher Paul Richards are the others.

Skinner Lake Sewell of the Browns says Shortstop Vern Stephens, who double-jumped from St. Louis to Mexico and back, will not be in the starting lineup because of a sore arm. Third baseman Bob Dillinger and First Sacker Chuck Stevens are the only Brownie rookies although they will welcome home three ex-GIs who were not with the club in 1945.

The Chicago Cubs will stick with their National league pennant-winning order, with the exception of right field where Rookie Marv Rickert will supplant Bill Nicholson as the Bruins open in Cincinnati.

President Truman will throw out the first ball at Washington where 30,000 will see the Senators square off against the Boston Red Sox.

Next to the president, Ted Williams of Boston will be the greatest attraction. Tex Hughson of the Sox will oppose Roger Wolff on the hill.

Philadelphia will get first look at the pre-war New York Yankees with Joe Dimaggio, Phil Rizzuto, Tommy Henrich and Bill Dickey heading the cast against the A's. The Mackmen have nominated Russ Christopher to go against Spud Chandler with 25,000 customers expected. Charley Keller and Joe Gordon will miss the tilt because of slight injuries.

Rapid Robert Feller, who tossed a no-hitter against Chicago just six years ago in the opener, will try to do it again as the Cleveland Tribe takes on the White Sox before 18,000 at Comiskey park. Specs Dietrich will throw for the Hoos.

Estimated 225,000 To View Big League Openers Today; Pre-War Aces to See Action

By JACK HAND

NEW YORK, April 16.—Baseball goes big league again today as the 1946 season opens in eight cities before an estimated 225,000 fans, eager to see the real stuff instead of the synthetic wartime brand of play.

Although the weatherman forecast cool, cloudy weather in most of the parks, the turnstiles are due to click their merriest tune since the all-time first day high of 249,010 in 1931.

Detroit will top the list with a turnout of 50,000 plus at Briggs stadium to watch the defending world champion Tigers wrestle with the St. Louis Browns.

Only four members of Manager Steve O'Neill's 1945 World Series cast will be in the starting lineup and one of them, Lefty Hal Newhouser, will be on the hill to oppose Nelson Potter. Hank Greenberg, reconverted into a first baseman, second baseman Eddie Mayo and Catcher Paul Richards are the others.

FELLER, DIETRICH OPPOSING HURLERS IN SEASON OPENER

Indians, Chisox Present Drastically Revised Lineups to Fans

CHICAGO, April 16.—Two "no-hit" pitchers—Bob Feller and Bill Dietrich—too the rubber today as the Cleveland Indians and Chicago White Sox pry the lid off the first post World War II baseball season before an expected 18,000 fans at Comiskey park.

Fireballer Feller is celebrating today the sixth anniversary of his opening-day no-hit shutout of the Chisox here April 16, 1940, while the bespectacled Dietrich hurled a hitless game in defeating the St. Louis Browns 8 to 0 in 1935.

Youth and speed will favor Feller today as the Indians' ex-savior begins his fight to regain his pre-war major league strike-out crown.

Present Revised Lineups

The Tribe and Sox will present drastically revised lineups to 1946 fandom in today's opening tilt. Manager Lou Boudreau of the Indians is the only Redskin who appeared as a regular on opening day of 1945, while Mike Tresh and Wally Moses are the only Chicago repeaters.

Ken Keltner, stellar third baseman recently discharged from the navy, reported he had recovered sufficiently from a back ailment to start today's contest for the Indians.

Manager Jimmy Dykes of the White Sox will be hospitalized for two more weeks with a stomach ailment and Coach Mule Haas will direct Chicago during Jimmy's absence.

At least one new major league mark will be set as Frank (Iron-Man) Hayes of the Indians dons mask and glove today for his 300th consecutive appearance behind the plate.

Salem Sports Goods Five To Practice For Tourney

Manager John "Kooty" Kozar requests that the following members of the Salem City Tire & Sports Shop report at the Memorial building at 7 tonight for practice:

Ray "Goose" McGaffick, Sam Pridon, Tommy Nedelka, Ames Dunlap, Bob Miller, Jack Mills, Dick Reash and Jack Atkinson.

The locals advanced to the second round of the annual Sharon tournament last week before being eliminated by Club Manor of Beaver Falls, Pa.

They will play their first game in the Youngstown Y. M. C. A. tournament at 7 p. m. Wednesday.

SPORT CHATTER

BY HUGH FULLERTON, JR.

NEW YORK, April 16.—In Washington Clark Griffith has ten of his baseball Senators rooming at the ball park and is trying frantically to find homes for them.... In Batavia, N. Y., the directors of the Pony league ball club have offered two pairs of nylons and a season pass to anyone who can find a house or apartment for Manager Jack Tishe.... Looks as if there'd be another meaning for "D. P." in baseball this year—not double play but displaced person.... And, speaking of displaced persons, Ernest J. Lanigan, baseball's No. 1 historian, is leaving his post as international league information director to take charge of baseball's Hall of Fame and museum at Cooperstown, N. Y. Harry Simmons will assume the I. L. job.

Out of Season

The \$2.50 pair of football pants—minus padding—that Don Hutson wore through seven seasons of record-busting in pro football now are kept under lock and key in the National football league offices until such time as they can be donated to the proposed hall of fame at Latrobe, Pa.... After last season they came back from the cleaners with a note: "These are beyond repair.".... In these days of clothing shortages, that note probably is the only thing that keeps Don from wearing them the year around.

His Downed Headache

Best racy gag in some time came out of the Leo Durocher-Fred Allen discussion of the Mexican league the other night when Leo growled: "I'd like to give 'em a micky," and Fred retorted: "You did."

Attendance figures likewise are expected to set a new standard. Col. Matt J. Winn, Downs president, expects the crowd to pass 100,000.

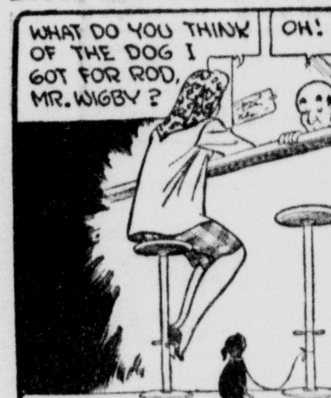

Estimates on previous Derbies have ranged as high as 90,000 or more.

Gottschall Pug Dogs Win All-Breed Awards

Dogs owned by Mrs. O. C. Gottschall, R. D. 2, Salem, won places in recent All-Breed shows in Butler, Pa., Pittsburgh and Youngstown.

"Winna Annabelle", a faun pug, won best of breed, winners bitch and fourth in the toy group at Youngstown and Butler shows and best of breed, winners' bitch and third in the toy group at Pittsburgh.

"Winna Maharajah", a black pug, won winners male and best opposite sex at Butler, winners male, best of opposite sex and reserve winner at Youngstown and open class and reserve winner at the Pittsburgh show.

The pair were handled by Mr. Gottschall in all three shows.

SPORT CHATTER

BY HUGH FULLERTON, JR. NEW YORK, April 16.—In Washington Clark Griffith has ten of his baseball Senators rooming at the ball park and is trying frantically to find homes for them.... In Batavia, N. Y., the directors of the Pony league ball club have offered two pairs of nylons and a season pass to anyone who can find a house or apartment for Manager Jack Tighe.... Looks as if there'd be another meaning for "D. P." in baseball this year—not double play but displaced person.... And, speaking of displaced persons, Ernest J. Langan, baseball's No. 1 historian, is leaving his post as international league information director to take charge of baseball's Hall of Fame and museum at Cooperstown, N. Y. Harry Simmons will assume the I. L. job.

Out of Season The \$250 pair of football pants—minus padding—that Don Hutson wore through seven seasons of record-busting in pro football now are kept under lock and key in the National football league offices until such time as they can be donated to the proposed hall of fame at Latrobe, Pa.... After last season they came back from the cleaners with a note: "These are beyond repair.".... In these days of clothing shortages, that note probably is the only thing that keeps Don from wearing them the year around.

His Owen Headache Best radio gag in some time came out of the Leo Durocher-Fred Allen discussion of the Mexican league the other night when Leo growled: "I'd like to give 'em a mickey," and Fred retorted: "You did."

Two Derby Marks Due To Topple In 1946 LOUISVILLE, Ky.—Officials expect at least two new records to be set here May 4 when the 72nd annual Kentucky Derby is run at Churchill Downs.

The added money totals \$100,000—or \$25,000 more than ever offered for the mile and one-quarter spin. The winner's share, consequently, will set a new Derby mark.

Attendance figures likewise are expected to set a new standard. Col. Matt J. Winn, Downs president, expects the crowd to pass 100,000.

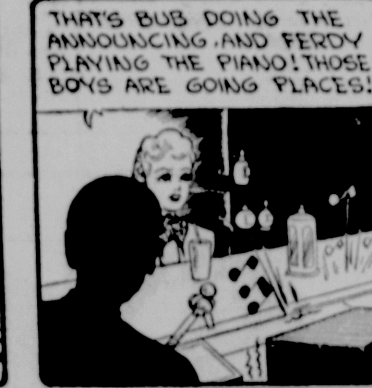

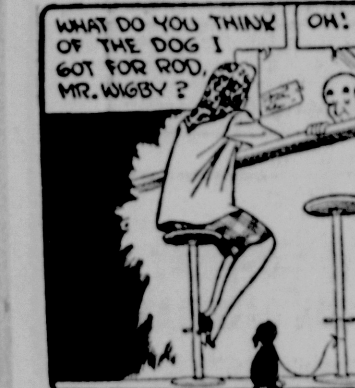

Estimates on previous Derbies have ranged as high as 90,000 or more.

Public Display of Affection Banned

SAN DIEGO, Calif., April 16—Outdoor love making at the naval air station here has been banned both for naval personnel and civilians.

In an order making it a disciplinary offense, Capt. Leslie E. Gehres, station commandant, noted:
 "There has been a steadily growing public display of affection commonly called 'necking' on the part of some men and women.
 "While everyone, including the captain, will generally agree that, under proper conditions, this is an absorbing and pleasurable pastime, it is not generally considered an outdoor daytime sport."

WAR CONTROLS

(Continued from Page 1)

"and continued shortages" of dairy products.

Calls Meat Situation "Scandal"
 The senate agriculture committee was plainly exercised about the meat situation which Packer James D. Cooney testified was "a national scandal which makes prohibition look like petty crime."

With the FBI ordered into action against one group of black marketers, there were hopes of curbing some illegal transactions in meat, but opinions differed sharply whether the reimposition of slaughtering controls would achieve its aim of improving the general meat situation.

Price Administrator Paul A. Porter said the effect of the controls would be to "provide for better distribution of meat supplies at ceiling prices to retail stores."

Secretary of Agriculture Anderson said it meant "in reality a share-the-livestock program."

The opposite view was taken by Cooney, vice president of Wilson & Co., one of the big four packers. He told the senate committee the new order "won't do any good."

The possibility of difficulties ahead for the country's bread supply was first raised yesterday by bakery industry spokesmen in connection with an earlier announcement by Secretary Anderson that a 25 per cent cut in their flour supplies will be ordered, if necessary to meet famine relief quotas.

John T. McCarthy, of Toledo, Ohio, president of the American Bakers association, predicted such an order would mean "black market and black market prices for bakery products." His cry was echoed by other representatives of the industry.

The state department announced that three American liberty ships are carrying grain from Russia to France and that 43 others will be available to transport the remainder of the 500,000 bushels which the Soviets have promised France.

Legion Initiates Twenty
 Twenty new members were initiated by Charles H. Carey post No. 56, American Legion, at a meeting last night. The degree team, headed by Everett Rich, was in charge of the rituals.

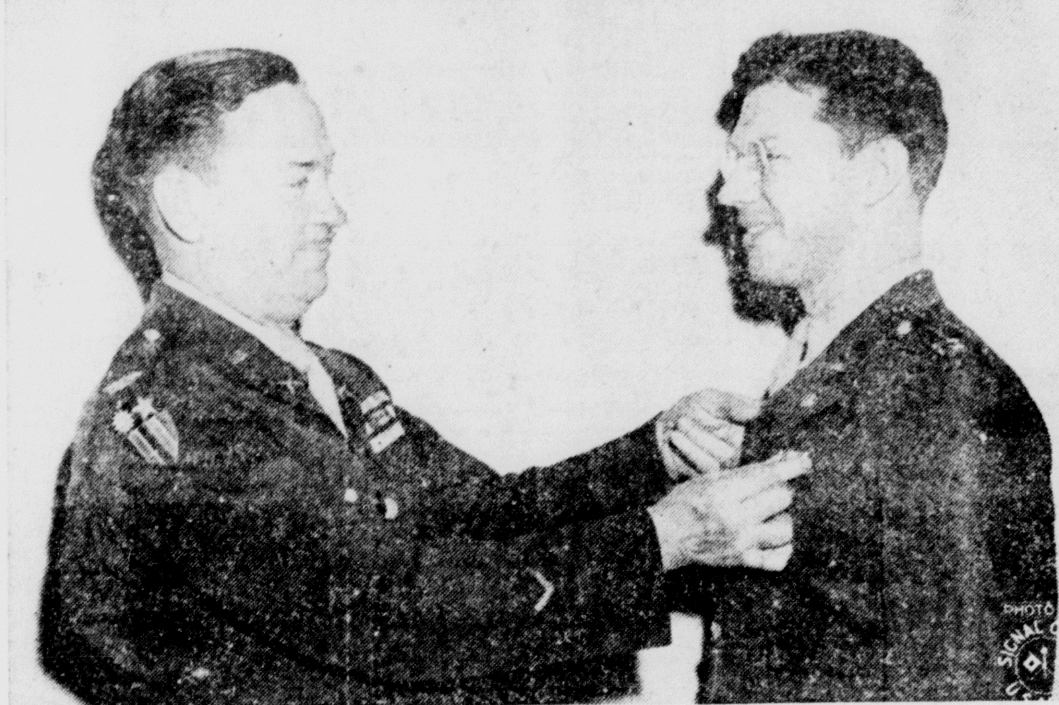

Afterward the 75 members present enjoyed a fish fry.

 A negotiating committee to draft plans for a new work contract was named when employees of the National Sanitary met in the Memorial building Saturday.

V. F. W. To Meet
 Veterans of Foreign Wars will meet at 7:30 tonight at the hall N. Broadway.

Baptist Choir To Rehearse
 The Junior choir of the Baptist church will meet at 4 p. m. Thursday at the church.

Salem Officer Receives Army Commendation

Capt. Clair King of Salem, former music supervisor in Columbiana High school, is shown at the right in the above photo receiving the Army Commendation ribbon from Col. Benjamin M. Crenshaw, post commander at Fort Hayes, Columbus. Capt. King was cited for his "outstanding efficiency in the performance of duty, sound judgement and high ideals of service."

The son of Mr. and Mrs. W. D. King of 337 E. Sixth st., he has been stationed at Fort Hayes for the past year where he is in charge of personnel at the Fifth Service command headquarters, which embraces Ohio, Kentucky, Indiana and West Virginia.

Capt. King has been in the army four years, having received his personnel training at Grinnell college, Iowa, and at Baltimore, Md. For one year he was in charge of war prisoners at Camp Perry, O. A graduate of Wittenberg college, he taught school at Columbiana for two years.

• OBITUARY

WILLIAM ALLEN MERCER

William Allen Mercer, 86, formerly of Salem, died at 2 a. m. today at the residence of his daughter, Mrs. Bessie Henderson, at Dayton, where he made his home.

Born Sept. 11, 1859, at Salem, he moved to Alliance a number of years ago. Formerly employed by the Pennsylvania Railroad Co., he was a member of the First Friends church here.

His wife, Sarah Jane, died 41 years ago. He had lived with his daughter at Dayton for the past several years.

Surviving are: three daughters, Mrs. M. J. Joyce of Alliance, Mrs. Grace Flicker of Wichita, Kans., and Mrs. Henderson of Dayton; four sons, Philip and Harry of Mansfield, Carl of Sebring and Melvin of Detroit, Mich.; two brothers, Elmer of Youngstown and Harvey of Sebring; two sisters, Mrs. Anna Etzrodt of Sharon, Pa., and Mrs. James Piller of Monongahela, Pa.; 12 grandchildren and one great-grandchild.

Funeral service will be held at 2 p. m. Thursday at the Arbaugh-Pearce funeral home, in charge of Rev. R. E. Mosher. Burial will be in Hope cemetery.

Friends may call after 7 p. m. Wednesday at the funeral home.

MRS. CORA M. THOMPSON

Mrs. Cora M. Thompson, 75, of Alliance, sister of Charles Sebrill of Salem, died at 8:15 p. m. Monday. Death was due to pneumonia.

She was born in Lima, Ohio, Oct. 23, 1870, a daughter of Thomas and Sara Jane Sebrill, and was a member of the Lima Methodist church, the Daughters of America and the Pythian Sisters, of which she was a past chief.

She also served as a counselor of the Sunshine Girls.
 Surviving are two daughters, Mrs. Hays Taylor of Alliance and Mrs. Albert Yeagley of Minerva, and one brother, Charles Sebrill of Salem, and five grandchildren and eight great-grandchildren.

Funeral service will be held at 2 p. m. Thursday at the Meyers funeral home, Alliance, in charge of Rev. V. C. McCallum. Burial will be in Alliance City cemetery.

Friends may call from 7 to 9 p. m. Wednesday at the funeral home.

LISBON, April 19.—Funeral service for Mrs. Suzanna Kondrick, 55, of West Point, who died at the Nursing home here Monday morning, will be held at St. George's Catholic church at 9 a. m. Wednesday, Rev. Fr. Marceau of St. Phillips Neri church of Dunganon in charge. Burial will be in Lisbon cemetery.

She was born August 30, 1891, a daughter of the late Andrew and Mary Rodeski in Czechoslovakia. She is survived by her husband Andrew of the home at R. D. 2, Lisbon, and two sisters, Mrs. Annie Endrie and Mrs. Mary Gough both of Czechoslovakia.

BARROW FUNERAL

COLUMBIANA, April 16.—Funeral service was held at the War-rick funeral home here for the late Mrs. Martha A. Barrows, a sister-in-law of the late John Barrow of Columbiana, who died in Chester, W. Va., at the age of 75.

Rev. Herbert A. Smith of First Presbyterian church officiated. Burial was in Oak Park cemetery, New Castle, Pa.

Thomas Barrow, husband of the deceased, died in 1919.

MISS MARY MCARTOR

Miss Mary McCartor, 83, died at 2 a. m. Tuesday at the Raney Nursing home, Ellsworth ave., where she had been for the past few weeks. Death was due to a stroke of paralysis. She had been ill since November.

A daughter of Milton and Margaret McCartor, she was born Oct.

20, 1862, near East Fairfield. She had spent most of her life in the vicinity of Rogers.

She is survived by two brothers, George and Chaikley McCartor, both of Salem.

Funeral arrangements have not been completed.

HENRY GILES FOX

LISBON, April 16.—Henry Giles Fox, 75, died at 7:30 a. m. today in the Henthorne nursing home on E. Lincoln Way where he had been a patient since last December. His death was caused by a stroke after a four years' illness.

Born in Lisbon June 27, 1871, he was the son of Charles F. and Mary Morrow Fox and had spent his entire life in this vicinity. He was a stationary engineer prior to his retirement several years ago.

Surviving are one brother, Frank P. Fox of Youngstown, and three nephews, Charles of Salem and Ross and George of Lisbon.

Funeral service will be held at 2 p. m. Thursday at the Bells funeral home in charge of Rev. Paul T. Gerrard. Burial will be in Lisbon cemetery.

Friends may call Wednesday afternoon and evening at the funeral home.

Butte Strikers In Calmer Moods Today

(By Associated Press)
 BUTTE, Mont., April 16.—This strike-bound copper capital of 40,000 began relaxing today from three days and nights of vandalism as Sheriff Al McLeod credited volunteer war veterans and members of the striking CIO Miners' union with helping ease the tension.

As police and sheriff's officers last night waited for telephone callers to carry out threats to visit more homes of nonstrikers, representatives of the International Union of Mine, Mill and Smelter Workers (CIO) patrolled Butte pleading with crowds to keep order.

McLeod said groups of girls, boys and women broke up without trouble and he added:

"We don't expect any more trouble, and won't need outside help."
 Several groups of women and children, threatened by anonymous telephone callers, were moved from their homes for protection last night.

The crowds gathered at homes of Anaconda Copper Mining Co. employees who remained on jobs as maintenance workers after the CIO miners went out last Tuesday in a dispute over retroactivity of a pay raise offered by the company.

From the start of disorders, the union officially has condemned the hoodlums and house wrecking.

EXTENDED FORECAST

Temperature will average normal. Rising temperatures Wednesday and Thursday, becoming cooler Friday and warmer again by Sunday. Precipitation will average one-fourth inch occurring as showers Thursday and Friday.

Public Display of Affection Banned

SAN DIEGO, Calif., April 16.—Outdoor love making at the naval air station here has been banned both for naval personnel and civilians.

In an order making it a disciplinary offense, Capt. Leslie E. Gehres, station commandant, noted:

"There has been a steadily growing public display of affection, commonly called 'necking,' on the part of some men and women."

"While everyone, including the captain, will generally agree that, under proper conditions, this is an absorbing and pleasurable pastime, it is not generally considered an outdoor daytime sport."

WAR CONTROLS

Calls Meat Situation "Scandal"

The senate agriculture committee was plainly exercised about the meat situation which Packer James D. Cooney testified was "a national scandal which makes prohibition look like petty crime."

With the FBI ordered into action against one group of black marketers, there were hopes of curbing some illegal transactions in meat, but opinions differed sharply whether the reimposition of slaughtering controls would achieve its aim of improving the general meat situation.

Price Administrator Paul A. Porter said the effect of the controls would be to "provide for better distribution of meat supplies at ceiling prices to retail stores."

Secretary of Agriculture Anderson said it meant "in reality a share-the-livestock program." The opposite view was taken by Cooney, vice president of Wilson & Co., one of the big four packers. He told the senate committee the new order "won't do any good."

The possibility of difficulties ahead for the country's bread supply was first raised yesterday by bakery industry spokesmen in connection with an earlier announcement by Secretary Anderson that a 25 per cent cut in their flour supplies will be ordered, if necessary to meet famine relief quotas.

John T. McCarthy, of Toledo, Ohio, president of the American Bakers association, predicted such an order would mean "black market and black market prices for bakery products." His cry was echoed by other representatives of the industry.

The state department announced that three American liberty ships are carrying grain from Russia to France and that 43 others will be available to transport the remainder of the 500,000 bushels which the Soviets have promised France.

Butte Strikers In Calmer Moods Today

(By Associated Press)
BUTTE, Mont., April 16.—This strike-bound copper capital of 40,000 began relaxing today from three days and nights of vandalism as Sheriff Al McLeod credited volunteer war veterans and members of the striking CIO Miners' union with helping ease the tension.

As police and sheriff's officers last night waited for telephone callers to carry out threats to visit more homes of nonstrikers, representatives of the International Union of Mine, Mill and Smelter Workers (CIO) patrolled Butte pleading with crowds to keep order.

McLeod said groups of girls, boys and women broke up without trouble and he added:

"We don't expect any more trouble, and won't need outside help."

Several groups of women and children, threatened by anonymous telephone callers, were moved from their homes for protection last night.

The crowds gathered at homes of Anaconda Copper Mining Co. employees who remained on jobs as maintenance workers after the CIO miners went out last Tuesday in a dispute over retroactivity of a pay raise offered by the company.

From the start of disorders, the union officially has condemned the hoodlumism and house wrecking.

EXTENDED FORECAST

Temperature will average normal. Rising temperatures Wednesday and Thursday, becoming cooler Friday and warmer again by Sunday. Precipitation will average one-fourth inch occurring as showers Thursday and Friday.
